B.1.3 Service Requirements

The driver(s) must report with at least 10 hours of drive time remaining in the workday. Team drivers must be provided for long distance trips 500+ miles.

Load Start Date is the departure time from the origin. Please arrive at least an hour prior to this time.

B.3.k KEY PERFORMANCE METRICS

Timely supplier performance, according to the contract schedule, is of great importance to the Postal Service. The Postal Service will monitor and maintain records of supplier on-time performance throughout the duration of the contract.

B.1.4 Work Requirements

- g. The supplier will be required to report in sufficient time to load and depart on schedule.
- h. The supplier will be required to load, transport, and unload all classes of mail at the headout, en route, and destinating offices.

B.2 VEHICLE REQUIREMENTS AND SPECIFICATIONS

- c. Trailers must be equipped with a load restraint system as indicated in Specification A. The cargo compartment must also be equipped with 0 metal E-type shoring bar(s) and 12 ratchet type restraining strap(s).

Service shall be performed within the total elapsed time (total hours) reflected in the trip schedule.

Contract Terms and Conditions include Clause 9-10: Service Contract Act (March 2006). The Department of Labor (DOL) website for wage determinations is <https://sam.gov/wage-determinations>
